CAREER OBJECTIVE

Detail-oriented and motivated Software Quality Assurance (SQA) enthusiast with hands-on experience in manual testing, test case design, and bug reporting from academic and internship projects. Skilled in QA tools such as JIRA ,Trello and Postman, with a working knowledge of SQL, Java, SDLC, and STLC. Passionate about ensuring software quality and eager to contribute to real-world QA processes while growing into a proficient QA Engineer.

WORK EXPERIENCE

Junior QA Engineer – Octopi-Digital LLC | On-site | Nov 2025-Present

- Tested web & mobile apps manually
- Created and executed functional and regression test cases
- Retested fixes and validated release builds
- Coordinated with developers to ensure quality

SQA Intern – Zensoft Lab | On-site | Aug 2025- Nov 2025

- Performed manual testing on web/mobile apps and designed 15+ test cases
- Reported 10+ bugs using Jira and verified fixes through regression testing
- Collaborated with developers to improve software reliability
- Explored basic API testing using Postman

SQA Intern – 360 Pathshala | Remote | Aug 2025-Present

- Executed 10+ functional test cases across core product modules
- Identified & documented 5+ bugs with clear reproducibility steps
- Supported smoke testing during feature releases.

AWARDS & Achievements

- Finalist, Hult Prize Competition (2022): Reached finals among 100+ teams with team TSS GUB.
- Participant, 2nd National ASTRC Carnival (2022): Showcased project ideas at a national-level competition.

PROJECTS

E-commerce Website Testing (Self-Practice Project)

- Designed 10+ functional test cases covering login, search, checkout, and cart
- Reported 10+ bugs with expected vs actual results
- Performed regression testing after fixes and updated test reports
